

## Data sheet

### Description

The CEE 7/7 (90°) to C13 (90°) power cord is a practical and space-saving solution for powering computers, servers, monitors, and other devices with an IEC C13 connector. Thanks to the 90° angle, it is particularly suitable for use in confined spaces, such as behind desks, server cabinets, or TV wall mounts. The angled plugs allow for neat cable routing and prevent excessive bending or tensile stress on the cable, which extends its service life.

### Connections

Connection 1	CEE7/7
Orientation 1	90°
Case 1	Plastic overmolded
Case color 1	black
Connection 2	C13
Orientation 2	90°
Case 2	Plastic overmolded
Case color 2	black

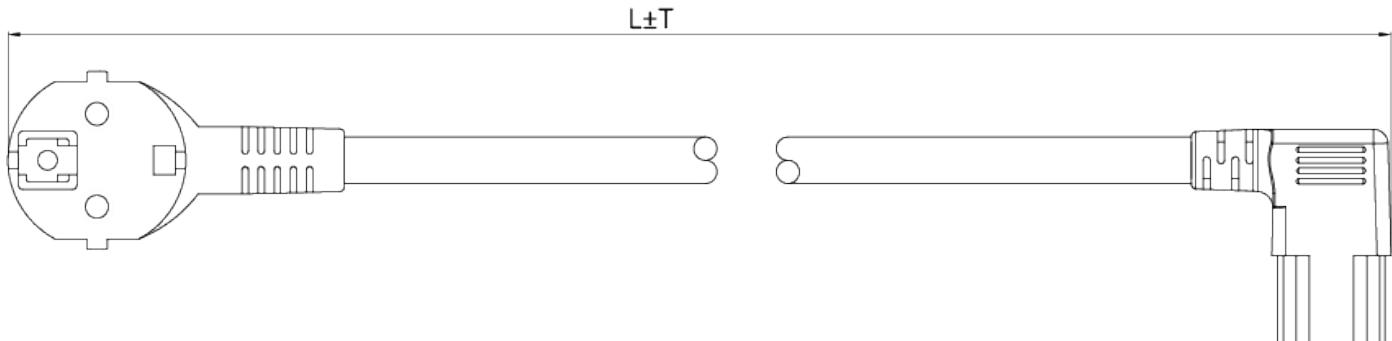

### Cable

Typ	Round Cable
Inner conductor material	Copper
Outer jacket material	PVC
Outer diameter	6.8±0.3 mm
Color outer jacket	black

## Standards

Approval	KEMA-KEUR, ENEC
Compliance	RoHS Reach CE
Temperature range	-15°C ~ +70°C
